The fall sports season for Grayling High School – a campaign that will include football, volleyball, soccer, and golf – will begin soon, with official practices getting under way this week.

"Fall's looking good," said Tim Sanchez, athletic director at Grayling High School. "The grounds crew has done a phenomenal job. The football field is immaculate."

The football program, which began its official practices on Monday, Aug. 9 (two days before the other sports), has the same coaching staff in place from last year. Sanchez, the athletic director, is the varsity head coach.

Sanchez said his team's overall numbers are down again this year, but the group has a large number of players returning from last year's 6-3 playoff squad. Pg. 11

## Forgotten Eagles soar through Grayling

The Forgotten Eagles of Michigan Chapter Three, a veterans support organization, paid a visit to the American Legion Memorial in front of the Crawford County Courthouse on Friday. The chapter visits 20 northeast Michigan counties and holds a brief presentation to recognize our fallen heroes with a wreath laying. The Ride Around Michigan is aimed to heighten awareness and publicize the POW/MIA issue and to recognize men and women currently serving in harm's way. A Freedom Ride, which goes from Houghton Lake to the Michigan Vietnam Veteran's Memorial in Mt. Pleasant, caps off the ride. The Ride Around Michigan has generated \$82,161 for the Michigan Veterans Trust Fund over the last six years. Above, Forgotten Eagles members roll on after enjoying a luncheon provided at the American Legion Lounge and Lanes.

## GRA seeks support for ski lodge replacement

by Dan Sanderson  
Staff Writer

The Grayling Recreation Authority is seeking backing from the Crawford County Board of Commissioners in hopes of replacing the lodge facility at Hanson Hills.

The Grayling Recreation Authority (GRA) which manages and oversees operations at the Hanson Hills Recreation Area, inquired about obtaining funding from the Michigan Department and Natural Resources and Environmental Quality (DNR & E) earlier this year.

Justin Andre, the director of Hanson Hills, said DNR & E officials said that GRA did qualify for funding because of three issues.

First, the GRA currently has a 20-year lease with the Department of Military and Veterans Affairs for the Hanson Hills property, which includes 277 acres. Andre said that state officials require a lease longer than 20 years before it funds a major project.

GRA officials are currently seeking engineering and design plans to replace the lodge and other recreational facilities by 2013. The current lodge facility was built around 1947 and was added onto over the years through the late 1960s.

"That's an easy fix," Andre said. "We're working with the Department of Military and Veterans Affairs to increase our lease to a 30-year lease."

Next, DNR & E officials want language removed from the GRA lease, stating that military officials would not use the area for encampment or maneuvering grounds to train troops for battle.

"In the two World Wars and all the other conflicts, that rule has never been evoked and we've had a good rapport with the Department of Military and Veterans Affairs," Andre said.

Lastly, the GRA was seeking a resolution from the Crawford County Board of Commissioners, stating it would take over its operations if the recreation authority ever ceased operations.

## McMastersville Volunteer Fire Department donates equipment

by Dan Sanderson  
Staff Writer

After a decade and a half in existence, the McMastersville Village Volunteer Fire Department is calling it quits.

The fire department, owned and operated by Jo Ann and Earl Taylor in South Branch Township, has never fought a fire or wildfire in Crawford County since it was established in 1995.

"We used to say don't call us – we'll call you," Earl Taylor said.

The fire department adopted five and a half miles on McMasters Bridge Road from M-72 to North Down River Road, which covers 4,500 acres in the Huron-Manistee National Forest.

A pond was dug near the Taylor's home, where water could be drawn to fight a fire. Equipment used to extract the water to fill a pumper truck or water truck was never used.

"It's full of frogs and things like that," Earl said.

The Taylors hoped to draw more interest in the fire department, but remained the only members since it was established.

"We hoped that it would be a community affair, but we could never get any participation in our neighborhood, so it basically turned out to be Jo and myself," Earl said.

The fire department's engine, a 1964 Ford pumper truck, was obtained from the Buchanan Fire Department in Berrien County, where it was used to battle blazes.

The pumper truck, however, did appear in dozens of parades over the years in Grayling, Luzerne, Mio and Roscommon. It had displays, promoting community causes and organizations such as DARE and Huron Pines.

"We always had a community related display on the truck," Earl

said.

The Taylors also assisted the Upper AuSable Preservation Association in 2006, when it was raising awareness of an oil company's plans to release water from a contaminated oil plume into the Headwaters of the AuSable River.

The Taylors are also caretakers of a remembrance for the 9/11 terrorist

attack victims, located at the South Branch Township Transfer Station.

Earl took a basic wildfire-fighting course, but was never called upon to assist firefighters in the region.

"I always figured there would be some way I could help out, cooking on the fire line or whatever," he said.

Over the last two years, the

Taylors have been trying to sell the 26 acres they own on the Main Branch of the AuSable River, located near McMasters Bridge Road.

Along with the depressed market for real estate, they figured that having the fire department equipment was also hindering their ability to sell.

# Grayling Eagles Club receives AED machine

by Dan Sanderson  
Staff Writer

The men and women at the Grayling Eagles Club have been pouring their hearts out for the community for decades, and now have a machine to bring a member or patron back to life in the event of a heart attack.

The Grayling Eagles Aerie #3465 recently received an Automatic External Defibrillator (AED), which will be mounted in the social room of the club.

John Kuszak, a past worthy Grayling Eagles Club president and Golden Eagle who has been a member since 1976, pitched the idea to get the AED to the club's board in March.

An automated external defibrillator or AED is a portable electronic device that automatically diagnoses potentially life threatening cardiac arrhythmias of ventricular fibrillation and ventricular tachycardia in a patient, and is able to treat them through defibrillation, the application of electrical therapy which stops the arrhythmia, allowing the heart to reestablish an effective rhythm. AEDs are designed to be simple to use for layman, and the use of AEDs is taught in many first aid, first responder and basic life support (BLS) level CPR classes.

Like many people who propose an idea, Kuszak was asked to research getting a unit for the Eagles Club.

The Grayling Eagles Aerie #3465 has 507 male members and its Auxiliary has 309 female members.

"Most of us are getting up in age now," he said.

Kuszak went online and found an AED grant, which

is provided through the five major manufacturers of the units.

The grant allowed the Eagles Club to get the AED unit, valued at \$2,500 from a firm called Medtronics, for \$1,400.

"It's a lot of money to spend for something you hope you never use," Kuszak said.

Kuszak said the units are

regulated by the government in case they are used accidentally on a person who is shocked who didn't need the defibrillations. The manufacturers verify where the units they sell are placed annually.

Kuszak said that some Eagles members were leery about getting the machine because of the liability. He said a training video would be played on the big screen

television at the club daily or weekly when they are hosting events to familiarize members with how the machine works.

"The machine tells them what to do," Kuszak said. "You don't tell the machine what to do."

Kuszak said the main misconception people have is they can kill someone with the unit, when in fact the person is already dead.

"You can't kill somebody that is already dead, but you can save their life by bringing them back," he said.

Kuszak said the Grayling Eagles Club has lost three members over the last 40 year to heart attacks. One member was Jeff Kaluza, who died while in his truck while plowing snow from the club's parking lot.

"It's something that we hope we never use, but if it saves one life it's priceless," Kuszak said.

A former Crawford County Sheriff's Department Reserve Officer, Kuszak recalled responding to a call where a young teen got her pajamas or robe caught while falling off a swing. He did the CPR chest compressions, while retired Crawford County Sheriff's Deputy Dean Goss did mouth-to-mouth resuscitation.

"I tell you, it may have been 15 minutes, but it seemed like an hour and a half because it really takes the breath out of you," Kuszak.

Having an AED, which are now commonly carried in ambulances, police vehicles and kept in places where large crowds gather, may have been handy in that situation. Kuszak said he and Goss were able to revive the girl, but she died later at the hospital because of internal throat injuries.

"If the two of us could have been working on her and letting the defibrillator do its job -- who knows?" Kuszak recalled remorsefully.

# McMastersville Volunteer Fire Department donates equipment

In addition, the Taylors winter in Florida for six months and also have a home in Ann Arbor, where Earl was a CPA and Jo taught 40 years for the Ann Arbor Public Schools District.

"We're reaching the point in age to where we have to scale down," Jo said.

Recently, the Taylors donated their pumper truck, fire gear and hoses as well as a 1982 S-10 Blazer, used as a fire chief's response vehicle, to the Michigan Firehouse Museum. Located in Ypsilanti, the museum is operated by the Michigan Antique Fire Equipment Preservation Group.

Equipment and displays are housed in a former fire department building, built in 1898. The building served the Ypsilanti community for 77 years.

Its displays include horse drawn vehicles from the 1880s and 1900s to modern vehicles. The museum's mission includes preserving firefighting heritage and history and teaching and promoting fire safety and prevention.

"It's a very engaging place to find out about firefighting and the history of firefighting," Earl said.

The Taylors have a water truck, which they are also seeking to donate to a fire department. The bylaws for the McMastersville Village

Volunteer Fire Department say that if the organization is disbanded, the equipment is required to be placed with other fire departments in the area.

The Taylors, however, continue on with their labor of love. They have a handicapped sticker for their personal vehicle, and transport people to buy groceries, run errands and for medical appointments.

Matthew Lee, curator for the Michigan Firehouse Museum, said he was pleased to receive the S-10 Blazer from the Taylors. The museum has 300,000 square feet of space for displays, which rotate three to four times per year.

"You have to strive to find vehicles that people

can relate to better," Lee said. "I was tickled to receive it as a gift."

The Ford pumper truck was built from 1957 through 1993, and its flat-nose features are something many are familiar with throughout the decades.

"Every fire department had one so everyone can relate to it," Lee said. "It suits us well."

Lee said that the museum has a smaller Ford pumper truck, which they use in an outreach program for senior citizens.

"Everyone can relate to an old fire truck," Lee said. "It takes them down the well worn path of memory lane, and brings back a lot of memories."

## GRA seeks support for ski lodge replacement

Continued from Page 1

County officials will receive lease language between the state and the GRA for their Aug. 18 meeting.

"We need to know what we're being obligated to," said Dave Stephenson, chairman of the Crawford County Board of Commissioners.

"As we have all learned in our job here, authorities are

a tricky, tricky thing," added County Commissioner Mike Lange.

Stephenson recommended that GRA members stay in constant contact with state military officials, as the county had to do to get the Crawford County Air Terminal up and running, to get red tape processed.

"You have to constantly push," he said "You just have to keep in front of

them because they have so much coming at them."

County Commissioner Rick Anderson inquired about the possibility of building a YMCA, which would be available for all county residents, under the GRA's administration.

Along with operating

Hanson Hills, Andre said the GRA also oversees Grayling Fish Hatchery operations and could look into other possibilities through the county's recreation plan.

"There are a lot of things that fall under the GRA umbrella," Andre said.

## Almanack

by Richard Milliman

### We're halfway home in fractious election year

SURPRISED AT how the August 2 primary turned out? I sure was.

I expected House Speaker Andy Dillon to win a close race for the Democratic nomination for governor. Instead Lansing Mayor Virg Bernero won by 90,000 votes.

I expected Attorney General Mike Cox to become the Republican nominee. He finished third in the GOP field of five, trailing US Rep. Pete Hoekstra by 40,000 votes and winner Rick Snyder by 140,000 votes.

So much for Almanack punditry.

Of course, I was mostly reflecting polls conducted the week before the primary which showed Andy Dillon with a comfortable lead over Virg Bernero among probable Democratic voters, and a too-close-to-call virtual three way tie among probable Republican voters among candidates Hoekstra, Cox and Snyder.

I also pointed out that an unrest among usual Democratic voters over their choice between candidates Dillon and Bernero could cause some Democrats to cross over the line and pull the lever for "that nerd guy" and apparently many did switch to self-proclaimed nerd Rick Snyder.

And I also mentioned that a couple of usually talented and knowing political observers had reported a stampede of Democratic voters into the Bernero column in the closing hours of the campaign, although I paid such reports slight confidence.

\* \* \*

AS TO WHAT happened to the Cox campaign, I'm still trying to figure that one out. In the way early stages, I had figured the final would be Republican Mike Cox against Democratic Lt. Gov. John Cherry in the November showdown. After Mr. Cherry dropped out early in the going, I still thought Mr. Cox would win on his side, but maybe the urban legend of the Manoogian Mansion party held more sway among voters than I expected.

Maybe it was a voter aversion to "politics as usual" this year — which also played into Mr. Snyder's winning hand — and maybe Mike Cox's negative TV ads which spent about half the time deriding Pete Hoekstra before focusing on the pro-Cox side of the picture hurt rather than helped. In my view, the Cox ads helped to bring down Mr. Hoekstra.

Among Democrats, maybe the

result was more of a strong determination among organizational Democrats and labor union political agents that Andy Dillon should not be the Democratic nominee under any circumstances, and Mr. Bernero's self-starting bid for governor was the obvious beneficiary.

\* \* \*

PRIMARY TURNOUT was only about 20 percent of the total of registered Michigan voters.

Almost twice as many voted in the Republican primary as for Democrats. Republican turnout was 1,045,335, according to early figures, while Democrats turned only 527,439.

How many of the million Republican votes came from Democrats and independents crossing over can only be conjectured, but there probably were plenty.

Mr. Bernero's 308,864 votes, for example, would have finished only second in the Republican primary behind Mr. Snyder's winning 380,720 votes, which, of course, would have won the Democratic primary, too.

The preliminary final Republican figures were: Snyder 380,720, Hoekstra 280,593, Cox 239,927, Michael Bouchard

127,112, and Tom George 16,983.

Preliminary final Democratic votes were Bernero 308,864 and Dillon 218,575.

The heavy Republican vote in the primary does not guarantee an equally heavy dominance among voters in November, but it probably warms many GOP hearts at the moment.

\* \* \*

NOW WHAT happens?

The first post-primary poll favored Rick Snyder with 49 percent support and Virg Bernero with 37 percent, which generally follows what the voters had just decided in the voting booths.

The two sides already are arguing about campaign debates. Mr. Bernero wants at least eight, and Mr. Snyder wants only three. Such a divergence usually means that the candidate who's behind wants more debates, and the one who's ahead wants as few as possible.

It should be noted candidate Snyder skipped several pre-primary debates among the five Republican candidates, saying he preferred town hall type meetings where he could speak directly with voters. However, precedent almost demands at least some debates

between the final candidates.

Campaign debates, of course, are not debates at all but rather joint appearances. Clever candidates — and candidates must be clever to win nomination in the first place — usually succeed in turning them to their advantage.

In Bernero-Snyder debates, we can expect Mr. Bernero to be an attack dog, quick with quips and snappy sound-bites, and Mr. Snyder to be more steady and solid, emphasizing program and staying far away from personalities.

Usually in debates, positions and programs will not be as firmly etched in the minds of voters as will impressions of the candidates, especially noting their personalities.

In many ways debates serve no significant informational purpose ... but they can be vital for the impressions of the candidates they help create.

## Letters to the Editor

### Thanks for the memories

To the editor:

I have debated often, with myself, about cancelling my subscription to the Avalanche. There are weeks when there is not a single name that is familiar to me (not even in the obits) except for example for a couple of people on your staff. Then on page 19 is the smiling face of Cliff Wheeler, one of my first students when I started teaching in Grayling. I cut out his picture and tacked it to my bulletin board. You see, I have a little battle going between Clifford and Laurie Scheer-Krey (also a former student) to see who sells the most cars. Their pictures are in two piles on

my board (Laurie is ahead, at present).

When I retired and had the opportunity to move to Florida, especially after the worst winter of my life, I jumped at it. Now my sister and I live south of Tampa, in a small town, near a river suitable to canoeing and fishing, but I miss my friends and my students. I tried tutoring in an alternative high school but it wasn't the same ... middle school students are just so much easier to get along with.

Anyway, the point is that I love seeing my friends and their kids names and pictures in the paper. The third generation of many of my

students is showing up now, which lets me know those sixth graders from 1971-97 are still around around Grayling and are successful parents and grandparents. Many are also named or pictured as prominent, successful and caring members of their community.

I'm so proud to have been a part of those lives (even if they look back and say "yuk") Please, keep writing about and picturing everyone you can, so my bulletin board can stay fresh and bright.

Thanks for the memories.

### Please give yourself a little extra time

To the editor:

Well, after this morning, I am compelled to send the following request to my fellow neighbors of the community.

What is the big yank? Why is everyone in such a hurry all the time?

Please give yourself a little extra time to get where you are going and be courteous to the residents and tourists attempting to back out of parking spaces along Michigan Avenue.

And please, please put down your cell phone while

you are driving. If you are talking on your cell, you are not paying attention to the vehicle in front of you.

Too many close calls with people on my bumper not watching for turn signals has resulted in this letter to the community to "be nice" to one another.

I have lived in Grayling a long time and Michigan Avenue has always been a "no passing zone." Slow down!

Stephanie Payne

### Hats off to the new city manager

To the editor:

I'd like to compliment our new City Manager, Mr. Doug Baum.

I have been working at the Chamber of Commerce for the past six weeks and Doug came in several times to check whether there was anything he could do to help the Chamber with the many activities for which they were responsible. I was impressed then, but I was even more impressed with his help both on Kids Day and on the first day of the Arts & Crafts Show.

Doug was there to help — to make sure the electrical was hooked up, that the water worked properly, and just to help in general.

In all my years in Grayling I have never seen a City Manager so visible and so helpful. For myself personally and for everyone who had anything to do with the festival — our hats are off to you Doug! Great job!

### Second choices

To the editor:

A short note to Kim Buzwell about his first love County Rd. 612.

If you run out of spare parts on your road just cut over Lovells Road to N. Down River Road. We will be very happy to share with you anything left that the raccoons, opossums or turkeys don't cart away for

nesting purposes.

If you are really clever driver, you can just bounce from patch to patch. That takes some practice, but you know what they say "practice makes perfect."

Remember that a change of scene is always nice.

Marlene Harris

### Cigarette butts everywhere!

To the editor:

Walking is something I enjoy especially in the summer time. One thing that concerns myself is an abundant amount of butts, on sidewalks and streets.

Many times I have visibly watched motorists throw

out butts from his/her vehicle.

Next time his/her decides to go out for the day, notice all the cigarette butts on the ground, parks, grocery stores and restaurants. Even in front of the county building there are many butts on

the ground.

It is so easy to just use an ash tray. Why does anyone want to litter our beautiful city we live in?

## More Certainty for Israel's Future

We saw in Romans 11:25 that God does not want Christians blinded by their own ignorance or pride concerning God's limited blindness of Israel until God's coming end for all Gentile world powers. After God's great 7-year-tribulation which will destroy all sinners and rebels who refuse to repent and believe the gospel, God will again restore the nation of Israel to her former greatness: "26aAnd so all Israel shall be saved...."

This action is assured by the second coming of Jesus Christ to earth as judge and ruling king of the earth: "26b....as it is written, there shall come out of Zion the Deliverer, and shall turn away ungodliness from Jacob...." Zion or Zion is the hill of Jerusalem where the millennium temple of God will rest during the reign of Jesus Christ. As Psalm 14:7 says, "Oh that the salvation of Israel were come out of Zion! when the LORD bringeth back the captivity of his people, Jacob shall rejoice, and Israel shall be glad." Isaiah 59:20 says: "20And the Redeemer shall come to Zion, and unto them that turn from transgression in Jacob, saith the LORD." Jeremiah

3:17a says, "17At that time they shall call Jerusalem the throne of the LORD...." Jeremiah 3:23b says, "....truly in the LORD our God is the salvation of Israel." The Old Testament is filled with prophecies of Israel's future restoration at the coming of their Messiah to rule and reign.

God's covenant with them assures them these things are real and sure. Let us examine Isaiah 59:21 which speaks of their Messiah Redeemer coming to Zion to save them with the covenant of the Divine Trinity giving them this full assurance: "20And the Redeemer shall come to Zion, and unto them that turn from transgression in Jacob, saith the LORD. 21As for me, this is my covenant with them, saith the LORD: My spirit that is upon thee, and my words which I have put in thy mouth, shall not depart out of thy mouth, nor out of the mouth of thy seed's seed, saith the LORD, from henceforth and for ever." An omnipotent, omniscient, omnipresent God is describing His covenant, meaning He is all powerful, all wise, and everywhere present so His covenant can never fail.

Israel's national failures before their God will be wiped away and God will restore them in His mercy

and grace assuring them of no failures in Jeremiah 31:31-34: "31Behold, the days come, saith the LORD, that I will make a new covenant with the house of Israel, and with the house of Judah.... 32Not according to the covenant that I made with their fathers in the day that I took them by the hand to bring them out of the land of Egypt; which my covenant they brake, although I was an husband unto them, saith the LORD: 33But this shall be the covenant that I will make with the house of Israel; After those days, saith the LORD, I will put my law in their inward parts, and write it in their hearts; and will be their God, and they shall be my people. 34And they shall teach no more every man his neighbour, and every man his brother, saying, Know the LORD: for they shall all know me, from the least of them unto the greatest of them, saith the LORD: for I will forgive their iniquity, and I will remember their sin no more." ## CASD schools achieve Adequate Yearly Progress

All of the Crawford AuSable School District schools achieved Adequate Yearly Progress (AYP), according to a report from the Michigan Department of Education.

The Michigan Department of Education just released the statewide results of the schools report cards. Each of the individual district schools made AYP as well as the district as a whole.

To make AYP, a school must test 95 percent of its students in total and in each required student subgroup defined by the federal law.

The school must reach the target achievement goal in English language arts and mathematics. In addition, the school must meet or exceed the other academic indicators set by the state - the graduation rate for high

schools and attendance rate for elementary and middle schools.

In addition to the release of the schools meeting the federal No Child Left Behind guidelines for academic achievement with AYP, the Michigan Department of Education also released the state's report card. EdYES! is the state's system of grading all schools in the State of Michigan based upon the students' academic performance.

The AuSable Primary School, the Grayling Elementary School and the Grayling Middle School all were named as "Grade A" schools again. Grayling High School (GHS) students now take the very difficult ACT test and GHS again received a "Grade B" with 86 percent. The Grayling

Elementary School led the district with a 96 percent score, followed by the AuSable Primary School with a 94 percent and the Grayling Middle School with a 91 percent.

"Over the past decade, the funding for schools have been a struggle - yet CASD students and staff are performing at higher levels each year," said Joe Powers, the CASD superintendent. "With a great student body, staff and facilities, CASD schools are doing very well."

"The Board of Education has a 10-year facility plan to address the needs that will arise in the future," Powers added. "Whether its classrooms, parking lots, bleachers or roofs, each and every year the Board of Education reinvests into the schools that serve Crawford County."

## Fall sports teams begin practices for 2010 season

by Caleb Casey  
Senior Staff Writer

The fall sports season for Grayling High School – a campaign that will include football, volleyball, soccer, and golf – will begin soon, with official practices getting under way this week.

"Fall's looking good," said Tim Sanchez, athletic director at Grayling High School. "The grounds crew has done a phenomenal job. The football field is immaculate."

The football program, which began its official practices on Monday, Aug. 9 (two days before the other sports), has the same coaching staff in place from last year. Sanchez, the athletic director, is the varsity head coach. Varsity assistants are Kevin O'Connell and Eric Tunney. Chris Kucharek is back as JV head coach. Ron Wyman and Joey Bancroft are JV assistants.

Sanchez said his team's overall numbers are down again this year, but the group has a large number of players returning from last year's 6-3 playoff squad.

"We have a lot of returners. We only lost two seniors," Sanchez said. "Everyone else is coming back. We're excited for the season to start."

As usual, the Vikings will open their season with a non-conference game vs.

the Roscommon Bucks. Grayling will play at Roscommon on Thursday, Aug. 26, at 7 p.m. The team's first home game will be a non-conference contest vs. Houghton Lake at 7 p.m. on Thursday, Sept. 2. The team's first Lake Michigan Conference game is slated for Friday, Sept. 10, at Boyne City.

The JV football team will host Roscommon on Wednesday, Aug. 25, at 6 p.m. in its season opener.

The coaches for the GHS volleyball teams are Jessica Szymoniak (varsity) and Jenny Swander (junior varsity), both of whom coached last year.

Sanchez said the program has a solid group of young players coming up and had a good off-season with a series of open gyms.

The varsity volleyball squad will start its season with the Roscommon Invitational on Friday, Aug. 20. The team's first home meet – a league series vs. Elk Rapids – is scheduled for Tuesday, Sept. 14, at 6 p.m.

The JV volleyball squad will compete in a meet at Roscommon on Friday, Aug. 27.

The boys soccer team will be coached by Craig Cobb again this year.

"They've been successful the last few years and

they're looking to build on that," Sanchez said. "They took second in the conference last year and they're looking to get to that top spot, or at least stay in the top two or three."

"We started our conditioning last week. We had a great turnout and we are excited to see what this season is going to bring," Coach Cobb said. "I'm looking forward to seeing the team come together in our two-a-days in the next couple weeks."

The soccer squad will open its 2010 season with a home game vs. Gaylord on Friday, Aug. 20, at 5 p.m. The Vikings will host Standish Sterling on Tuesday, Aug. 24, at 5 p.m.

The new coach of the girls golf team is Scott Baker, who coached the girls tennis team in the spring.

"They have a lot of girls coming back for that," Sanchez said.

The team's first meet is scheduled for Wednesday, Aug. 18, at Farwell.

Sanchez said the school also may have boys and girls cross country as a club sport this fall. Club sports can use the Vikings name, the school's uniforms, and may compete in Michigan High School Athletic Association events, but they do not receive funding, transportation, or paid coaches from the school, Sanchez said.

The school's sideline cheerleading team for football is also, technically, considered a club sport, Sanchez said. This year's cheer squad will be sponsored by Grayling Recreation Authority.

Season passes for the 2010-2011 sports season are now available for purchase at the Grayling High School office. Passes are \$150 (family), \$90 (adult), and \$25 (student).

Students who have valid

Grayling Viking Renaissance cards – GVR is a school program designed to reward students for achievement – can get into games for free this year. Sanchez said this new offer is a way to further reward students and increase attendance at athletic contests.

"We want to get as many people at our games as possible," he said.

## Grayling Country Club News

**Wednesday Ladies League**  
 by Donna Thomson  
 We had an overcast day for our Member-Guest Outing on Aug. 4, but that was okay.

Made it nice and comfortable for our golfing. Ten guests joined us today and we hope they will seriously consider joining us in 2011. Upon arrival, we enjoyed doughnuts and coffee, then bought our mulligans from ever smiling Gloria Neilson and then got our card from Jeannette Kitchen to see who

we were teamed up with, then off for a nice round of golf and of course, conversation. The declared winner's today in first place was the team of Connie Gates, Kay Ellen King, Jeannette Kitchen and Shirley Young with a 34. In second place was the team of Shelly

Cohee, Carol McCormick, Retalou Tobin and Becky Walraith with a 37.

Quite a few gals brought in great hors d'oeuvres and then we enjoyed a taco buffet. Later some good desserts were provided by few gals.

I'm ending on a sad note this week, as a dear friend of mine and many others, Mary Jane Knibbs, passed away this week. M.J. as she was known by most, asked me to join this Wednesday group quite a while back. She was so encouraging and she taught me that I can wash clothes whenever, but golf when the day is nice, and I do.

That's all "fore" now.

### Tuesday Morning Ladies League

Linda Fouts had a great day, winning low putts (32), winning two skins and having a birdie on hole #12. Deann Weisse had a chip-in on hole #9. Bev McNamara won two skins, JoAnn Michal won two skins, Balkis Shippy won two skins and Linda Marcereau won one skin.

## Grayling finishes 5th at state little league tournament

### Team wins 8-2, 13-0 in first two tourney games

by Caleb Casey  
Senior Staff Writer

Grayling Little League's junior division (ages 13-14) all-star softball team – a squad that qualified for the state tournament with a district championship – posted a 2-2 record and finished fifth during the state finals on July 30-Aug. 1 at Melvindale.

To qualify for the state tournament, Grayling posted a 3-0 record in pool play and won two district games. The team defeated Houghton Lake 6-3 in the district semifinals and won the tournament with a 9-8 victory vs. West Branch in the finals.

In the state tournament, Grayling played its first two games on Friday, July 30.

Grayling won 8-2 vs. Penokee Range. Meagan Malm pitched a complete game for Grayling.

In the team's second game of the day, Malm (three innings) and Makayla Cragg (three innings) combined for a 13-0 shutout victory vs. Tri-County (an Upper Peninsula group).

On Saturday, Grayling fell 4-2 vs. Addison. Cragg pitched a complete game for Grayling.

"She pitched awesome," Coach Max Prosser said.

"She only allowed one earned run all game," Coach Lacey Stephan said.

Grayling ended its tournament run with a 12-0 loss vs. Pinery Park, a squad that ended up placing sec-

ond to Croswell Lexington.

The team's coaches said the squad played well in all phases of the game – hitting, pitching, and defense.

"Our whole infield could not have been more solid, top to bottom. No errors. They knew what to do with the ball once they got it," Coach Stephan said. "Marilyn Jankowski, we can't talk enough about how good she played in the outfield for us. She stepped up."

Coach Stephan said Jankowski made a "diving shoe-string catch" in center field and right fielder Natalie Woodley helped complete two put-outs at home plate with throws to the cutoff, plays in which second baseman Cierra Prosser threw home to catcher Caitlin Prosser for the tags.

"(Shortstop) Rachel Dubriwny had a double play against Addison," Coach Stephan said.

On the mound, "Meagan Malm struck out 11 and

walked four in her first 10 innings. She only had two earned runs against her," Coach Stephan said.

Cragg, Coach Prosser said, just started pitching this year. "She stepped up and she was huge," he said. "It was big having another pitcher who could come in and throw strikes."

"(Cragg) only gave up one earned run in her 10 innings," Coach Stephan said. "Our pitching was phenomenal."

At the plate, leading hitters for Grayling included: Jensen Stephan, 10 for 13, 5 RBIs; Madison Junttila, 7 for 12; Jankowski, 5 for 11; Hannah Golnick, 4 for 5.

"Cierra Russell, with limited playing time, had some key sac bunts that moved runners for us," Coach Stephan said.

"They played phenomenal, every single one of them," Coach Prosser said.

"We couldn't drag the kids off the practice field the last two weeks before the tournament," Coach

Stephan said.

"They gave up their summer but they'll always remember it," Coach Prosser said.

The coaches said the team was able to get enough donations from local citizens, businesses, and organizations to pay for the four-day trip.

"The community support to get these girls to the finals was outstanding," Coach Prosser said.

The team included: Malm (P/1B), Golnick (P/OF), Cragg (P/OF), Woodley (P/OF), Ca. Prosser (C), Stephan (1B/OF), Ci. Prosser (2B), Junttila (3B), Dubriwny (SS), Jankowski (OF), Mara Adamski (OF), Russell (OF), Bailey Apps (OF), Coach Stephan, Coach Prosser, and Coach Russell Apps.

Hi, I'm Jacob

**JDRF** Juvenile Diabetes Research Foundation International

WALK TO CURE DIABETES

I'm just your typical teen trying to live a typical life. However in June of 2005 I didn't have such a typical day. I was diagnosed with type 1 diabetes and my life was changed forever. It's a disease that I will never outgrow and can never forget about. I have to check my blood sugar at least six times a day, and change my infusion site every three days. I wear an insulin pump which serves as my life support. It's a constant balancing act. Sometimes you win and vigilance has paid off. Other times you don't... despite all the hard work. There are no guarantees. Diabetes never sleeps, and never takes a vacation. Every day is a battle with a disease you can treat, but never control. The road ahead for people with diabetes is long and uncertain... but you can help. The Juvenile Diabetes Research Foundation is the world's largest charitable funder of diabetes research! I am walking to help fund that research. To donate, or join my team please visit <http://walk.jdrf.org> and search for my team "Team Jacob". You can also make checks payable to Juvenile Diabetes Research Foundation and send to: 908 Little John Ave Grayling, MI 49738. More than 85 percent of JDRF's expenditures directly support research and research related education.

My LIFE depends on insulin and the CURE depends on EVERYONE! Thank you for helping me find a cure FAST.
